Finding Belinda’s Dream
By MARY ELLEN WARNER

On February 7 I talked to Dunedin Garden Club about a Rose Tree that was killed by Hurricane Charley in the FBG wedding garden. Donations were made toward purchase of another one. This started the search for Belinda’s Dream. I called all the nurseries in the area looking for at least a 5 ft replacement with no luck. This search continued through March and April.

Richard Carroll of Carroll Brothers Nursery, inquired for me at a Nursery Men’s Association to no avail. Nurseries were called in Tampa and as far away as Gainesville – no trees- some nurseries had small one’s but no Belinda’s Dream.

I gave a talk to the Dracaena Circle of the Garden Club of St. Petersburg, in the Botanical Garden. They donated more money towards a Rose Tree. Called all the nurseries again, this time with more names of Rose Trees that Sam Skemp, MG and I would accept, still not giving up on Belinda’s Dream.

MG Mary Crowe gave me the name of Justin-Steadham, President of the Rose Society- more phone calls. He had a smaller rose (Angel Face) which I purchased- but not Belinda’s Dream.

Then the magic phone call came from Cliff Bertucci of Gulf Coast Garden Center on Haines Rd. They carry a full line of organic products for Roses. He had made my dream come true. He found Belinda’s Dream at Bay Gardens in Plant city.

On April 18th we planted Belinda’s Dream in the Rose Garden, in the same place that the hurricane took ours away. Now that is a dream come true!

Justin Steadham also gave us a Julia Child Rose to plant. We planted the roses on April 18th. So take a look at them- they are beautiful!!

Pinellas County 4-H Foundation: Supporting 4-H Youth

The mission of the Pinellas County 4-H Foundation is to financially support Pinellas County 4-H Youth Development. The foundation was established in 1972 and the goal is to foster new and innovative programs for youth and to supply scholarships to camps, leadership forums, and local, state, and national conferences.

The 4-H Foundation has just created a brochure with a donation pledge card in order to gain further financial commitments from supporters of the Pinellas County 4-H program. Annually Pinellas County 4-H reaches over 10,000 youth ages 5-18 in their communities, schools, and after school programs. If you would like to financially support 4-H and the many young people 4-H programs reach each year in this county, please use the attached form for your donation. The foundation will send you a receipt of your tax deductible donation.

We know that many of the Master Gardeners help 4-H in many ways through generous volunteer hours. The Pinellas County 4-H Foundation thanks you for your support of 4-H!

4-H Pizza Garden: an Agricultural Adventure

4-H cannot thank the Master Gardeners enough for their support and dedication to the annual 4-H Pizza Garden fieldtrip. These Master Gardeners helped educate over 600 youth in learning about the
importance of agriculture in their daily lives. This year we had the volunteer support of 22 Master Gardeners, who are listed below:

Please use the form below to make your donation or obtain a contribution pamphlet from our MG volunteer office or the 4-H office.

**Invest In Youth! Be Part of the 4-H Adventure**

Please fill out and return with your check made payable to:

**Pinellas County 4-H Foundation, Inc.**  
12520 Ulmerton Road, Largo, FL 33774-3602

**Name**  
**Address**  
**City**  
**State/Zip**  
**E-mail**  
**Home Phone**  
**I would like to support 4-H with my gift of:**
- $10
- $25
- $50
- $100

**Other amount of my choice $___________**

**Remember the 4-H Foundation in your estate plan.**

**What Your 4-H Donation Supports**

- Leadership Conferences for Teens
- Camping Programs
- Recognition and Awards Programs
- Curriculum for Clubs and Schools
- Volunteer Training
- School Enrichment Programs
- Afterschool Programs
- Family Programs

**Ways To Donate to 4-H**

- Provide a cash gift, payable to the Pinellas County 4-H Foundation, Inc. Ask your employer to match your gift.

- Have your club, organization or business adopt the 4-H Youth Development Program and help us raise funds.

- Invite your friends, relatives and others to invest in the 4-H Youth Development Program.

- Make a contribution in someone else’s name (tribute or memorial gift).

- Establish an endowment (for yourself, your spouse, children, parents or business).

- Donate your time by volunteering with the 4-H Foundation.
Important Announcements!

It’s here and working
You now have the ability to send your volunteer hours by e-mail. The e-mail address is: MGEDU@co.pinellas.fl.us.

Please be specific when doing this – include individual dates and hours worked just like you would in the logbook. MG Jan Curtin will be recording these hours that are sent in by this method. I appreciate those that are using this method to report their hours and hope you will continue to do so.

Pinellas County Extension & Florida Botanical Gardens

We need help in collecting all publicity related to the Extension and FBG Gardens. Please clip any articles you see that mention us in any way, including weddings and outside events. Please bring the clippings to the volunteer office.

Please remember to include the name of the publication and date published.

Palm Education

Pam Brown has a CD produced by Dr’s. Monica Elliott and Tim Brochat of the University of Florida containing PowerPoint presentations on Palm Diseases, Palm Fertilization, PhFysiological Disorders of Palms, Palm Nutrient Deficiencies, and Palm Transplanting and Pruning. There are scripts to go with each presentation. Three of these CDs are available for MGs to check out and use for study. If you go through all five of the presentations it will equal 7 hours of continuing education units.

New Mentors Needed

I am looking for some experienced Master Gardeners to serve as Mentors for the next MG training class which starts on August 2 and goes through November 8. Mentors help guide MG students during the training and through that first year until they have their 100 volunteer hours. The Mentors also serve as my Master Gardener Advisory group, helping shape the Master Gardener program to the needs of Pinellas County.

If you think you might be interested, please plan on attending one of the Mentor Training Sessions (attending a training does not automatically obligate you to being a Mentor). Let Carol know which date that you wish to attend.

June 2 at 10 a.m. in the Gardenia Room
June 5 at 10 a.m. in the Gardenia Room
June 14 at 10 a.m. in the Magnolia Room

Attention Current Mentors – You are also required to attend on one of the training dates as a refresher.

New Arrival

Cindy Adamchek and husband Christopher are the proud parents of a baby boy. Christopher Paul Adamchek, II was born on Feb. 7, weighing 8 lbs, 1 oz. He is a joy! Cindy and her family are out of the state for a few years while she attends school in Boston to become licensed as a School Psychologist. They have kept their Florida home and plan to return.

Grow Smart Workshop

May 13, 2006 – 8 a.m. to 4 p.m.
PTEC St. Petersburg Campus
901 – 34th Street South

This all day workshop features our own Dale Armstrong talking about Florida-Friendly landscaping and Bob Albanese presenting Modifying your Landscape to put the right plant in the right place.

There will also be a presentation on matching your sprinkler system to your changing landscape. Hands on sessions on plant selection and irrigation maintenance will round out the day. The workshop
concludes with a plant sale at the PTEC nursery. Registration of $20 includes course notebook, lunch and snacks. Deadline is May 10. Call 727 893-2500, ext. 1101 to register or pick up a registration flier in the Extension office. This workshop will count as 5 hours of GEUs towards the 10 hours needed for MG recertification.

MG Advisory Association
By CHUCK SCAFFIDI, MG
The Articles of Incorporation and Bylaws were approved for 501(c) (3) IRS tax-exempt status. The Bylaw committee (myself, Linda Culhane, Noel Bell, and Gail Robertson) have been meeting to finalize the Policy and Procedures document. I am in the process of preparing notebooks containing all the Association documents for Board members. The documents will be available for all MGAA members on request. We have detailed how MGAA operates and is organized, and defined the duties of committees.

We have established an Education Committee to identify worthy causes to fund. Dick Davis was appointed Chair and has several members to work with.

I have scheduled a general meeting of MGAA on Monday May 8 at 11:00 am in the Magnolia room to conduct association business. This follows the Update training so bring a brown bag.

Please!! This is your association try to attend.

IFAS Award of Excellence for Master Gardener Projects
By CHUCK SCAFFIDI, MG
The advisory committee will continue to assist MG startup projects and identify projects that have state award potential.

For all project award submissions we are in dire need of the following MG skills: creative writers, editors, reviewers, graphic artists and others willing to help. Please see me or call 582-2117 if you are interested or you feel you are working on a project

Marva Perry has 16-5gallon paint buckets for the asking. Call 581-0385 and there yours.

Volunteer Opportunities and Events for May

For Volunteer Opportunities:
Please see or call Carol Suggs to volunteer for events (582-2124) or the contact person in the help wanted ad.

Southern Oak Elementary
The PTA wants to redo the courtyard using parents and students. A Master Gardener’s advice is requested to guide them with proper soil preparation, what to plant and good planting techniques. Even a phone call to discuss this would be very helpful. Contact Kathy Akers at 560-0867

Up-coming Master Gardener Update Training Topics
May 8 (Monday)—10:00-11:00am-Magnolia Room. MGAA’s Board meeting to follow.
Brown Bag Lunch
Mark your calendars for Wednesday, 5/8, 10 am, for another MASTER GARDENER UPDATE.

Roy Hayden, maintenance spray technician will tell us about the difference between good and bad ants, and how to avoid or eliminate them. What chemical treatments to use and safety issues.

MG Plant Sale
By LINDA CULHANE, MG
MG Plant Sale news
We had a fantastically successful plant sale on 1 April; congratulations are in order for all the MGs and hort staff that helped. We were essentially sold out of plants by noon. This tells me that we will have to plan on having more stock available for the next sale.

The Green House crews are diligently busy trying to propagate plants for the new sale. We took a poll of the customers on their way out asking only one question: What did we not have that you wanted? There was a very diverse array of answers. Those that had multiple requests were: Vines- purple passion, bouganvilla, Ground Covers- jasmine, lantana,
Mark Your Calendars Now!

In June, Chattanooga will host the 2006 Southeast Regional Master Gardener Conference. They are expecting between 500-1,000 Master Gardeners from 16 states for the 4-day event. (June 8 to 11). All Master Gardeners are invited to attend what will be one of the best regional conferences that will be held in the southeast.

There is a special project for all Master Gardeners to get their hands a little dirty while they are attending the Conference. The project will be located between the two Tennessee Aquarium buildings along the banks of the Tennessee River. Once the project is completed it will be used as an educational tool for the schools and aquarium groups. Once completed, the project will be one that all Master Gardeners can be proud to have been a participant.

Attention Master Gardeners!!

Anyone interested in fulfilling their Volunteer hour requirements should speak to Stacey Zidi about volunteering at the Botanical Bounty gift shop.

Call 582-2251 or szidi@pinellascounty.org

I Need Your Help to Keep Our Gardens Growing

We need your membership in The Florida Botanical Gardens. You can get into other gardens free or at discounted prices, and that alone pays for your FBG membership. Discounts are offered at most gift shops. Membership offers prior notice and invitations to special FBG events. FBG membership makes a good gift for friends or family. FBG membership allows early admittance to the MG plant sales. Individual membership is $25; Family is $35; a supporting garden friend is $250. If you'd like a leaf on the tree with your name on it, $1,000 will help grow the gardens.

See me or stop in at Botanical Bounty.
Mary Ellen Warner, Membership Chair

Are You Aware of SHARE?

SHARE is a not-for-profit organization that builds and strengthens community through volunteer service. SHARE offers savings on food. Everyone who volunteers just two hours a month is welcome to participate. There are no income requirements, just a desire to make a positive difference in the world. If you want to enroll or need additional information about this program, please call 800-536-3379 or e-mail aboutshare@juno.com.

Butterfly attractors: butterfly bush, milkweed, Trees: larger palms, sea grape, bamboo, crepe myrtle, Tropical’s – varigated ginger, bird of paradise, more exotic bromeliads, orchids (we sold out), hali-conia, and Others – antique roses (thought we had a lot), rosemary (ran out) succulents, tomato plants (ran out), water lilies, giant crown of thorns.

And the unabashed winner of requests is the star potato, which is blooming its head off as I write. I noticed someone is trying to layer the branches in hopes of getting some roots growing. You have my support and prayers. Rumor has it that cuttings were attempted, but failed. Some of the seeds from one of the pods were planted, but are not coming up yet. When we do get that plant started, we will have to charge what it’s worth, $423 for a one gallon plant. So at that rate, let’s get propagating.

Anyone having extras of the plants mentioned above, please help us out either by bringing in cuttings/roots/bulbs, or propagating them at home for the sale.

Next Meeting: May 26

By Chuck Scaffidi, MG

Did you notice whose guarding the nest. Well its mother cardinal at the bottom of the previous page. Here is baby cardinal to the right.

You can visit them in the FBG butterfly garden, but please do not disturb. Breeding cardinals are particularly attracted to dense thickets of brambles, shrubbery or vines-so guess where you will find our cardinal family in the butterfly garden. There is also a protective male flying around.

The cardinal is protected by law under The Migratory Bird Treaty Act.

Discovery and photos are provided by are infamous FY&N photographer Wilma Holley.

Hot weather is here – don’t forget your sunscreen, water, and hat when coming to work outside in the gardens. Remember, I have sunscreen, insect repellent, and spray Benadryl in my office on the shelf just inside my door, in case you need it. We care about your well being.

Spring has been very busy. We appreciate all of you that spent extra time volunteering at the many events that we participate in. The Plant Sale was a whopping success ($10,310). There have been several festivals, 4-H Pizza Garden, Family EarthFest, and Green Thumb. And we still have EPCOT to go. Those of you who have been helping maintain the gardens are tireless. You have all been great, as always! We could not do this without your willing service.

Preview classes for the 2006 Master Gardener training are this month. If you know anyone interested in becoming a Master Gardener, please let them know about these classes (the dates are on the calendar). Attendance at one of these previews is required to get an application for the training. Master Gardener training this year is all day on Wednesdays, August 2 – November 8.

Several of you had asked about the Palm CDs that can be checked out. I have now made ten new copies and they are ready for use.

If you who have been MGs for a year or more and like working with others, there are Mentor positions open. Mentors help MG students through the process of training and volunteering, as well as serving as my advisory group for the MG program. There are Mentor trainings scheduled the first week in June. You can come to training without committing yourself to becoming a Mentor. Think about it – it is an important additional volunteer opportunity.

Thanks again for all you do – you are the best!

♥ Pam

Plant Sale funds contribute to The Green Leaf mailing.

Urgent!! To save mailing costs please tell Carol or me to remove your name from the mailing list if you can consistently and reliably access the internet version.

We are especially appreciative of staff, MGs, and others who contribute articles, events, and other items of interest to the Green Leaf each month. Please submit your input by the 20th of each month. This will help us assemble and publish the newsletter in a timely manner. Also, to save mailing costs, please limit your articles to 700-800 words or less.

Limited newsletter space does not allow for full photograph viewing. If you would like a copy of any photograph presented in the newsletters, please contact me @ 727-582-2117.

Chuck Scaffidi, MG Editor

The Green Leaf is published by Pinellas County Extension Service for the County Master Gardeners and depends on submission of articles from Master Gardeners, Extension Staff and other authors.

Managing Editor: Pam Brown, Extension Agent II
Production Editor: Chuck Scaffidi, Master Gardener 727-582-2117
Please send articles to Pam Brown or e-mail directly to Chuck cascaffidi@juno.com or Pam at pwbrown@co.pinellas.fl.us
Join Florida Yards & Neighborhoods & the Pinellas County Extension Service
